

Recovery & Wellness Guide — Lacrosse Summer 2026

A location-by-location reference of recovery options (IV therapy, cryotherapy, infrared sauna, cold plunge, red light, salt therapy, sports massage) and clean fuel (juice bars, smoothies, acai/grain bowls) within reasonable driving distance of each lodging stop on Kate and Rachel's summer lacrosse circuit.

Stops are listed in chronological order. Distances and drive times are approximate and assume normal traffic. Always call ahead to confirm hours, walk-in availability, and minor-age policies for IV therapy and cryotherapy services.

Compiled May 2, 2026 from the Lodging Summary doc and current public listings. Cross-check business hours before driving — small studios change schedules seasonally.

Stay 1 • West Chester, PA — June Base

Dates	June 8 – June 27 (19 nights)
Lodging	Chester County Oasis VRBO — 1210 Ashbridge Rd, West Chester, PA 19380
Covers	All June lacrosse events (HHH, Iron Peak day trips, Lax for the Cure)
Notes	Most options below are 5–20 minutes from the house. Exton and Glen Mills hubs are easy hops on Rt 100/Rt 202.

Venue	Therapy / Type	Address & approx. drive	Phone / Notes
302 Nutrition	Loaded teas, protein shakes, smoothies	Dover, DE · ~15 min	

Appendix • Practical Notes

Booking & age considerations

Most IV therapy and cryotherapy clinics require a parent/guardian present and a signed waiver for athletes under 18. Call ahead 24–48 hours before to confirm minor policies, available drips/protocols (especially anything with NAD+ or higher-dose vitamins), and whether an MD consult is needed.

What to ask when calling

- Walk-in vs. appointment-only this week?
- Minor age policy and parental consent paperwork
- Group/team rate if booking 2–6 athletes together
- Combination pricing (IV + sauna, cryo + red light, etc.)
- First-timer trial pricing

Tournament-day recovery template

- Pre-game: hydration smoothie or cold-pressed juice 60–90 min before warmup.
- Half-day post-game: 10–15 min cold plunge or whole-body cryo, followed by infrared sauna or red light.
- Evening: protein-forward smoothie / grain bowl + 30–60 min sports massage.
- Rest day: IV hydration drip and salt therapy / float for parasympathetic reset.
